HackerRank

Write a function long add\_any\_Base(int num1, int num2, int base)

I/P 123,231,4 O/P 1020

I/P 7561,3062, 8 O/P 12643

## Input Format

Add num1 and num2 in the given base and return

## Constraints

$1 \leq \text{num1}, \text{num2} \leq 1000000$

## Output Format

nil

## Sample Input 0

123 231 4

## Sample Output 0

1020
