

ZOHO_Level3_012

Write a function long add_any_Base(int num1, int num2, int base)

I/P 123,231,4 O/P 1020

I/P 7561,3062, 8 O/P 12643

Input Format

Add num1 and num2 in the given base and return

Constraints

$1 \leq \text{num1}, \text{num2} \leq 1000000$

Output Format

nil

Sample Input 0

```
123 231 4
```

Sample Output 0

```
1020
```
